

Welcome to Play Place Childcare Services

We are a well-established, family-run group of nurseries and after school clubs in and around Croydon and Kent.

We have six early years settings and four after school clubs in our group. They are individual with unique qualities, but have the same core values:

- The children are at the heart of everything we do
- Our staff are qualified and/or experienced and very enthusiastic
- All aspects of the Play Place curriculum are delivered to Ofsted standards
- Our fees represent very good value for money
- We have lots and lots of fun, come and visit us to see

In our groups we follow some basic principles:

- We promote a positive approach and an awareness of our communities. We use a workshop approach to learning, and therefore promote creativity and learning through making choices.
- Our curriculum is designed to meet Ofsted standards - and our settings are rated as either 'good' or 'outstanding'.
- Each child has their own keyworker who gets to know the child's individual needs and works closely with the family.

Our groups provide a service that delivers the following principles:

- Enabling environments
- Unique child
- Positive relationships
- Learning and development

In all our settings, we promote healthy eating and snacks. We also cater for children's preference and dietary need.

All the nurseries and after school clubs have a large selection of toys, equipment and resources - so children can play in a happy and safe environment.

Each setting has written policies and procedures which are available for parents and carers to read at all times.
